Refresh mind, body and spirit in the serene, luxurious environment of The Spa at art'otel London Hoxton. Located in Shoreditch, The Spa is a sanctuary where you can escape the hustle and bustle of the city, restore your equilibrium and achieve mindful wellbeing.

At The Spa we offer guests an exceptional wellness experience, combining state-of-the-art facilities, cutting-edge technology, groundbreaking science and ancient holistic therapies. Focusing on the four pillars of wellness (Focus, Sleep, Movement and Environment), our expert practitioners deliver a range of treatments in collaboration with a carefully chosen selection of luxury brands.

In our fast-paced modern world, it's vital to make time to reset your mind, recharge your body and protect your wellbeing. The perfect solution to balance busy city living with relaxation and headspace, our spa treatments are inspired by the four pillars of wellness: Focus, Sleep, Movement and Environment.

FOCUS

From technology to work and social commitments, we're facing an ever-increasing number of distractions in our lives. The ability to focus is a skill many of us need to re-learn to feel present and make the most of every day.

SLEEP

A good night's sleep is essential to our health and wellbeing. For many of us the quality of our sleep is being degraded daily by irregular and hectic lifestyles, not to mention digital content and socials which make constant demands on our attention.

MOVEMENT

As our understanding of wellness develops, one thing is becoming crystal clear: we need to be actively involved in our own wellbeing. That means stimulating our body's natural defences through physical activity and movement.

ENVIRONMENT

Whether it's how our surroundings impact our health (think pollution in an urban setting) or how we impact the health of the planet with our consumption and behaviours, environment and wellness go hand in hand.

FACILITIES

Indulge in the ultimate experience to rejuvenate and reinvigorate your body and spirit. Designed with vision, care and attention to detail, our deluxe spa facilities provide smart, stylish spaces to enjoy revitalising relaxation and sensory healing.

INDOOR POOL

Experience the time-honoured power of water to make you feel relaxed and refreshed. Our heated 12m pool is the perfect place to soothe away your stresses and experience a restorative sense of calm.

STEAM ROOM

Refresh your system and clear your head in our sensuous steam room. Take some time to totally decompress as you feel the warmth relaxing your tired muscles and breathe in the cleansing, energising vapours.

SAUNA

The amazing health benefits of taking a sauna have been appreciated for centuries. Feel the soothing heat melt away your stresses and detox your body, while you simply lie back, relax and enjoy some well-earned quiet time.

NATURA BISSÉ

Natura Bissé blends innovation, pioneering technology and high concentrations of active ingredients with deep emotional sensitivity and the power of touch. They understand the power of touch as a way of connecting with you. It is much more than just physical contact. Touch is about listening, understanding and empathy.

PROVERB

PROVERB is for people who take their health, performance and the environment seriously. They create natural and organic products that are better for human health and performance, the planet and its people. They're passionate about helping you feel, think and look better.

PROVERB take the understanding and efficacy of elite sports nutrition and apply it to your skin. They harness clean, active, natural and organic ingredients, such as proteins, antioxidants and enzymes, formulated from lab-proven results.
